

Dear

Thank you for allowing School to visit the stream running through your farm/property on which will enable our students to undertake environmental monitoring activities.

For the safety of our students and for your own peace of mind, I would appreciate it if you could take a few minutes to complete the farm hazard checklist below to inform us of any possible dangers that could be associated with our visit to your farm.

FARM HAZARD CHECKLIST

.....
.....

If you have ticked **electric fences**, please indicate if these will be turned off for the duration of our visit: yes no

Please feel free to contact me at school (ph.) or at home (ph.) if you would like to further discuss any aspects of our field trip. I will contact you a day or so prior to our visit to check if any other potential hazards have cropped up in the meantime. Once again thank you for your assistance and if you are interested in the results of our monitoring please give me a call.

Yours sincerely
